

Curriculum Vitae

I have been working as a freelance graphic designer since 2001. Besides advertising agencies, like BBDO and Publicis, I have mainly been working for publishing companies. A long term partnership exists with styria.MULTI MEDIA as an art director for the manager magazine BUSINESS PEOPLE. My strengths within the field of graphic design are editorial design, ranging from conception to implementation, as well as layout and final artwork.

Monika Nutz, born 2nd of April 1974 in St. Pölten
